Dear Miss Tam,

Re: Application for the post of Costume Designer

I am writing to apply for the post of Costume Designer advertised in "Starlife" on 23rd August. I would like to be a Costume Designer. A copy of my CV and portfolio is enclosed.

I am a Form 5 student at MFBM Chan Lui Chung Tak Memorial College and I am going to take my HKCE Examinations this year. But I fully expect that I will have a good result in all subjects, including English language and Chinese. As chairperson of my school's Home Economics Club, I have gained considerable experience in amateur costume designing. We designed some costumes for our school's Drama Club for the school Drama Competition last year. And we joined the inter-school Fashion Show last year too. We designed and made some costumes and one of these, "Wild Animals" won me the "Best Young Designer" prize in this competition. This costume and other examples of my work are included in the enclosed portfolio. Besides, as the vice-chairperson of my school's English Club, I am able to read and communicate in Chinese and English well.

For as long as I remember, I have wanted to pursue a career as a Costume Designer. I admire the work of the Costume Designer such as John Galliano, Chen Dao etc... If I were employed to be a Costume Designer, I would try my very best to do my job. To show that I am a creative and open-minded person, I am willing to take a test set by your company during the interview. I am confident that I am able to design something for you right away.

I hope that you will consider my application favourably. I would be happy to attend an interview at any time that is convenient for you.

Yours sincerely,

Kennex

Kennex Yan.
