Hong Kong famous tourist spots

There are many famous tourist spots in Hong Kong. Here are some of them. Firstly, Ocean Park is one of the most famous theme parks in Hong Kong. Every tourist should visit. Tourists can enjoy different types of ride there. Also, tourists can go to the aquarium to learn more about marine life and how to protect the sea creatures.

Secondly, I suggest visiting Temple Street night market. Tourists can go there to meet the fortunetellers. This is our Chinese tradition. Furthermore, tourists can taste various local snacks, like fish balls and egg tarts etc.

Thirdly, Lantau Island is quite a good place for tourists. They can ride the cable car and enjoy the beautiful scenery. Tourists can pray to gods there and try a vegetarian lunch.

To conclude, Ocean Park, Temple Street night market and Lantau Island are renowned must-see tourist spots. Hong Kong has many marvelous places but in these places we can experience Hong Kong culture.
